YOUR DRAYTON VALLEY GROCERIA

ANGLICAN CHURCH AUXILIARY

A new branch of the Junior Auxiliary of All Saints' Anglican Church has been organized under the leadership of Mrs. Ruth Brown and Mrs. Ed Neilson. The girls, aged 7 to 12 years meet each Thursday in the Parish Hall at 4 p.m. for worship, instruction, handicraft, games and lunch.

At the business meeting, October 13th, the girls elected their own officers as follows: President: Lynn Valliquette; Vice-president: Theresa Durham.

The program at present includes work towards the receiving of the L.A. tie and fine stripe, and handicrafts to be on sale at the Turkey Supper in November. The members are also taking orders for the 1961 Church Calendar.

The Junior Auxiliary is a branch of the Women's Auxiliary of the church and has as its aims to pray, to learn, to work, to give and to interest others in the work of the church here and everywhere.

COUNCIL MEETING
Cont' from page 1, Col. 4
Demers made the motion to adopt them as read. The motion was carried.

The subject of the construction of the skating rink dressing rooms was put forward and, after viewing the pros and cons of whether to finance it through the recreational grant or Winter Works project, it was decided to make use of the Winter Works benefit rather than the recreational grant. In order to expedite the construction, The motion was then passed to give final reading to the By-law authorizing immediate progress on this project.

For the past month or so, both elected and appointed snow officials have been considering the need for more water supply. Council instructed that various water bill drilling companies be asked to give estimates on the cost of a well.

Final arrangements have now been made for the surfacing of 50th Street from 50th Avenue North to the limits of the Town with a cold mix asphalt and gravel top. This project will be supervised by Naden Paving Ltd., using as much of the Town equipment as is feasible.

Public Works foreman, Mr.

Stevens, set before Council a variety of literature on street sweepers. After weighing the various characteristics and price ranges etc., of the estimates submitted, Council decided to purchase a second hand street sweeper from Precision Machine providing in mean with the final approval of a special committee set up to investigate it.

Mr. Hart, of Cowley Bros. was in attendance to add to the submission made by Canadian Motorola regarding supplying intercommunication equipment for the Town. This subject has been under discussion at various times in the past two or three years but each time the price has been prohibitive. However, with the possibility of Civil Defence Authorities providing a majority of the cost, the Town decided to investigate the subject further. The Secretary was also asked to contact the Civil Defence Authorities regarding their exact percentage that they would pay toward the purchase of the equipment.

Mr. Koehler's submission for roughing in the plumbing for the hockey rink dressing rooms was accepted and authorization was given for the work to go ahead.

The annual convention of the Alberta Municipal Association was brought to the attention of the Council and it was decided to appoint the Mayor and the

Secretary as delegates to attend this year's convention at Lethbridge.

To meet the obligations of the agreement entered into with the Anglican Church authorities in 1959 when the Town procured the land upon which is now situated the Town Hall, the Council gave authorization for installation of sewer extensions sufficient to provide services for the Anglican Church rectory.

It was noted that the parking facilities being used on the South end of Block 2 and South-west of Block 11 were in much need of levelling and therefore Council gave authority for the Town graders to do the best possible under the circumstances after first obtaining an O.K. from the owners.

GUN CLUB

This club has now been in operation for about six months and has rapidly grown to a membership of 46. Thirty-five of these members are between the ages of 10 and 17; the member remainder being adults interested in helping to raise the younger ones in the safe and proper method of handling firearms.

The following members have now progressed to the point where they have been awarded bonus pins from Dominion Marksmen:

D. Church, D. Joyce, S. Luchak Jr., S. Luchak, G. C. Morris, K. Morris, G. Morris, D. Olberg, B. Palmer, R. Quinn, E. F. Thompson, A. E. Thompson, R. Vig, B. Wahl, J. Wahl.

Congratulations to these winners.

The club is still looking for new members young and old, and anyone interested in receiving proper training in the use of the 22 rifle or in just sharpening up down to the Elk's Hall any Monday evening. Junior members start at 7:00 P.M., followed by the adults around 8:30 P.M.

SPECIAL MEETINGS TO BE HELD IN EVANSBURG LEGION HALL.
The Rev. A. Fernandez announced recently that he will hold special meetings in Evansburg Legion Hall.

With Rev. Fernandez in the meetings is a colored quartet, the HARVEST-TIME QUINTET, comprised of a mother and her four daughters.
Mr. Fernandez calls his special meetings "REVIVAL... RELAXING... PROMPT CRUSADE."
Meeting will commence in Evansburg at 7:30 p.m., Thursday, October 20th. For two days, Oct. 21 and 22 the group will be in Whitecourt, after which they will return to Evansburg and hold meetings nightly at 7:30, with Sunday October 23, 2 meetings, 2:30 p.m. and 7:30 p.m.

COUNCIL MEETING

The first meeting of the new Council was held on Monday the 31st of October. Mayor Adrian Meier called the meeting to order at 8:05 a.m. and administered the oath of office to the two new Councilors John Ewanio and Conrad D. Fuhr.

Following the introductory and welcoming words to the new members the subject of Committee appointments for the next ensuing year was brought up. After some discussion the following committees were set up for 1960-61:

Committee Chairman
Finance and Development Karl Wahl
Public Works and Utilities Harry Zolmer
Fire and Police Dept. John Ewanio
Personnel, Health and Welfare D. G. McKenzie
Recreation and Athletic Assoc. H. Demers
Edson Health Unit, D. G. McKenzie
Stoney Plain S.D. #23 C.D. Fuhr
Alternative Adrian Meier
Pembina Planning Commission Adrian Meier
C.D. Fuhr
Publicity Committee Karl Wahl
Sec. Treasurer W. G. Johanson.

Councillor D. G. McKenzie was appointed for Deputy Mayor and declared elected to the position for six months by acclamation.

Council members meet once a month in regular session and have occasional special meetings between times.

ARNOLD Inquest:

An inquest of our Sovereign Lady, the Queen, at the Town Hall in Drayton Valley on the 31st day of October 1960, Dr. T. H. Brooks, a coroner for our said Lady the Queen, for the Province of Alberta. On view of the body of Joan Arnold, then and there lying dead the undersigned, good and lawful men, being duly sworn and charged to inquire for our Sovereign Lady the Queen, when, how and by what means the said Joan Arnold came to her death, do upon their call say Mrs. Joan Arnold died on the 16th day of October 1960 in the General Hospital in Edmonton as a result of injuries received in a car accident on the 15th day of October 1960, at approximately 10:00 a.m. at Campton Corner, Alberta.

We recommend: due to poor visibility at this corner and the construction of the intersection, we feel more caution should be used in making a left hand turn off said highway.

We recommend: that more brush be cleared north and west of said highway so visibility can be clearly observed.

We further recommend: a 25 mile an hour speed zone be erected for east bound traffic and that this corner be properly posted with signs.

In witness whereof the Coroner has here unto set his hand and seal and the Jury have set their hands this 31st day of October 1960

John MacKenzie
Charles Schneider
Lou Matlock

New Town ENGINEER

Mr. Dale F.W. Schultz assumed his duties on November 1st as Engineer of the Town of Drayton Valley. The Town had formerly employed with the service of Haddon, Davis and Brown, an engineering firm of Edmonton. The services of the former company will still be occasionally used by the Town as Consulting Engineers.

Mr. Schultz was born in Wainwright. He attended the University of Alberta from which he graduated in 1956. After graduation he went to work for El Dorado Mining Company at Beveridge, Sask., where he

Cont. on Page 16, Col. 1

TWO YOUTHS CONVICTED OF THEFT

Part work on the part of the local RCMP force apprehended two young men who had broken into change houses on two rigs and taken wallets and clothing.

Countable Wilson received calls at about 3:00 a.m. Saturday from Cascade Rig No. 10 and Brinkerhoff Rig No. 16 to the effect that someone had broken into the change houses at both rigs and a total of six wallets, for an estimated total of fifty dollars, in cash and credit cards, in addition to jackets and other articles of clothing had been taken.

Biographical notes on PETE NEBO, Calgary Power Ltd., Drayton Valley District Manager

Pete Nebo has been Calgary Power's District Manager in the Town since October 1958. Born in Haight, Alberta in 1927, he was educated in Holden and Edmonton.

Before joining Calgary Power, Pete worked with Alberta Lumber in Holden and Vermilion. He joined the Company in February 1951 and spent two years doing clerical work in various offices learning the ropes and getting an invaluable background knowledge of the Company's working. In 1953 he was as assistant district manager to Edmonton and was promoted to his present post in 1958.

Pete is married and has two boys Bob and Ronald. Like many of Calgary Power's staff, he takes a wide and active interest in community activities. He is 2nd Vice-President of the Lions Club; a member of the Town Recreation Board; Treasurer of the Drayton Valley Athletic Association and active in community

cutting. Pete's hobbies are golfing, hunting and fishing. He is assisted in the district by C.R. Twissell, W.R. Lisle, Pat Murphy, Ray Cherniak and Dennis Hadler.

at the fire and smells up the house. They have in mind one of the various types of industrial fire extinguishers which are not only too expensive, but in many cases are quite ineffective against the average household fire, and in some cases a little dangerous. If you will follow the steps outlined below you will have good protection from small fires and the cost will be nominal.

YOUR FIRE DEPARTMENT

First, for flammable solids the best extinguisher is water, so you should have some kind of container that dispenses water. Even a bucket will suffice them. In the basement a good idea is to attach a hose permanently to a faucet and keep it there handy.

Many people, when they think of a fire extinguisher, think of a great shiny thing which shoots out billows of a magic compound

Football

ESKS ROUT LIONS 32 - 0
STAMPS WIN 12 - 6 OVER LEOS

The Pee Wee Football season wound up in Drayton Valley in great style last weekend with two exciting games on tab. at Wood's Field. On Saturday the Eskimos, sponsored by the Eskimo Well Servicing Co. Ltd. and coached by Ernie Swar-chuk and Duncan Larbaletstier won the Drayton Valley Pee Wee Football Championship for 1960 by defeating the Drayton Valley Lions' Club Lions 32 - 0 on snowdusted field. On Sunday the Forster Stamp-ers clinched second place in the three-team league by edg- ing the same Lions 12-6 under similar weather conditions.

On Saturday the Eskis got off to a brilliant start and never look- ed back. Unfortunately for the Lions their star quarterback, Cliff Lindskoog suffered a back injury on the first play of the game, and was not able to re- turn to play. This accident seemed to disorganize and demoralize the Lions' attack and the Green and Gold just seemed to roll to victory.

Eddie Hutzal was the big gun for the Eskis, scoring three touchdowns and rushing for a total of 105 yards. Don Kelly got a pair of major and used his powerful boot to kick a con- vert and single for the vic- torious Eskimos. Little "Hardrock" Billy Nutter played another of his outstanding games picking up four first downs and rushing for a total of 60 yards. Lorne Huska who has been sign- al caller in the Igloo through- out the entire season also played a fine game in this deciding fixture.

The fired-up Lions went into the game with a real chance to dis- lodge the front-running Eskis. however, Lindskoog's injury coupled with a serious leg in- jury to tackle Wayne Thompson ruined whatever hopes they might have had of catching the formidable Green and Gold Machine. The Lions under the expert coaching of Jerry Hadley and Rickie Simon fought a game battle to the bitter end but never seriously threatened the Eskis' claim to their title.

On Sunday the injury-riddled Lions faced the up and coming Forster Stampers and once again fell short of the work in one of the better Pee Wee games of the season. Lindskoog was back for this one and Donnie Oiberg sidlined with a knee in- jury throughout the season came in to spare Cliff off at quar- terback. The Stampers led by Kenny Sieben displayed a powerful ground attack along with some fine punting by Billy Wahl to keep the Leos bottled up in their own territory throughout most of the first half. Little Gary McMorris pulled down a Sieben pass in the end zone to put the stamps ahead 6 - 0 early in the second quarter. Kenny

Sieben who had a great day, rushing for some 140 yards and capturing the Pee Wee rushing championship, ploughed over near the end of the half to make it 12 - 0 for the Red and White.

The Lions came back strong in the second half in a desperate effort to pull the game out of the five and a half minute mark in the third quarter Lind- skoog scored an Oiberg pass be- hind the Stampers' line for the major score and it was 12-6. The Lions continued to put on pressure but each sustained drive petered out before they could reach a threatening posi- tion. The Cowboys took over late in the game and were knocking on the door when the final whistle went.

It was a fine game thought- ily enjoyed by a good crowd. It was a very fitting finish to a very successful football season in Drayton Valley. It was also a fitting tribute to the football sponsors in this community and especially to the individual coaches who have done a trem- endous job with our boys. These are the men who be the unself- ish giving of their time and talents and by their exemplary conduct have put the autumn sport on a solid standing in this community. This season is over but we can look forward to 1961 for a bigger and better football program. This was the start, the opening year, mistakes were made, and many things could have been improved, however, a powerful lot of work and organizing was done in a very short time and all considered it was a fine grid season and foot- ball on an organized scale has been successfully introduced to Drayton Valley.

JASPER PLACE BRONCS RIN
WILD AT WOOD'S FIELD

The bristling Jasper Place Broncs under the leadership of Arnold Holmes had things pretty much their own way last Sunday after- noon as they defeated the Dray- ton Valley High School team 54 - 0 at Wood's Field.

Pat Fairly led the Bronc attack with three touchdowns. Brian Fairly got one as did Ron Cros- ley, Kees Walters, Lee Horn, and Robin Stringer who also kicked six converts for the J.P. team. The Red and White Machine struck hard and fast, and from the opening minutes the issue was never in doubt.

The local team never stopped trying and gave a splendid account of themselves when you consider that they were up again at one of the finest High School teams in Alberta and that they ceded approximately 30 pounds per man on the scales, plus experience. It was a fine team effort in a losing cause with Mike Miller, Ron Hutzal, Dick Toogmon and Ken McMorris turning in outstanding perform- ances.

The boys certainly have nothing Continued page 6, col 1.

Football

Continued from page 5, col. 2

CARD OF THANKS

As the afternoon wore on, we had a very enjoyable time and this was a good time as any. The visiting coaches from Edmonton thought that a wonderful job had been done with football in Drayton Valley and an invitation was extended by the visitors to have a local team enter their High School League next year. So the future looks bright despite the fact that we had a decidedly afternoon last Sunday.

THE DRAYTON VALLEY FOOTBALL UNION MEMBERS WISH TO THANK SINCERELY EVERYONE WHO WAS INSTRUMENTAL IN THE PROMOTION OF FOOTBALL IN DRAYTON VALLEY THIS YEAR.

A SPECIAL THANK YOU TO THE 75 MEMBERS AND ALL THOSE WHO HELPED OUT WITH THE MONETARY AND OTHER CONTRIBUTIONS.

MIKE MILLER BEING TACKLED BY THREE JASPER PLACE PLAYERS.

THE Editor's Viewpoint

With the beautiful fall weather we have been enjoying can't we have a little something new to Drayton Valley? Football.

A whole lot of time and effort has gone into making the football season for the local boys the highly successful event that it has been, and no one can say that it has not been very successful for as far as getting football off to a flying start in this district. There is no telling where it will go from here.

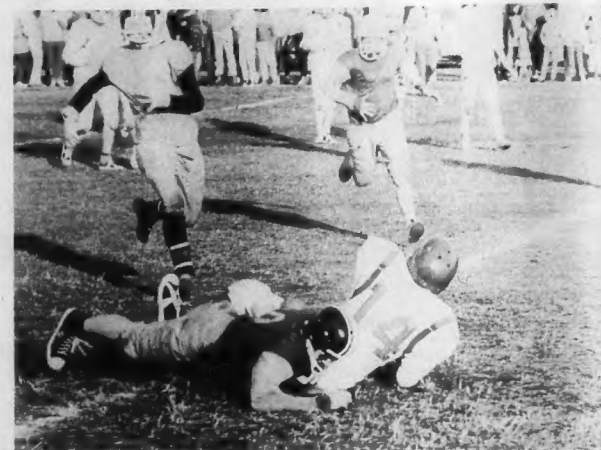

Undoubtedly many of the fans who are now in the "mud" leagues here will one day make a name for themselves in the ever-growing sport. They might even make a name for Drayton Valley at the same time.

Certain it is that they can never learn much younger and with the headsets these youngsters have had, or rather, have been getting during the past few weeks, some, at least, cannot help but become famous football stars in the very near future.

When that happens all who have had a part in helping out in equipping and training and coaching these fans will be able to look back with pride and say, "We started out there on that field at the edge of Drayton Valley in 1960. Sure has gone a long way since then." There is a saying in the Old Country, "...England has won her battles first on the rugby fields of Eton. We can never forget that our history books tell us that the immortal Sir Francis Drake finished his game of lawn bowling before he set out to whip the stuffing out of the mighty Spanish Armada.

We feel that the past football season has been very worthwhile. Many have contributed much to it. None of it will be lost, but will be waiting for us next fall again, ready to be run to use.

Continued next column

RONNIE BUTZEL OF DRAYTON VALLEY HIGH SCHOOL MAKING TACKLE WITH RON CROSBY (NO. 14) OF THE JASPER PLACE BRONCOS. LEFT RUNNING IS KEITH FUHR AND ON THE RIGHT RONNIE MEIER.

Had we been playing for this one year only it would have been an expensive sport, but a sport, any sport, may be projected down into the future a long way, and as such the investment in time and money and effort is not large.

The field of action will soon move down from the gridiron to the hockey rink. Perhaps most of the same boys will be playing hockey who have come out for football this year, but hockey will undoubtedly recruit many fans who have not been enlisted in the football ranks.

We expect now and both events to take place in both juvenile and adult hockey this season.

One of the reasons for the team's success... cheerleaders!

Looking at Recreation

by Michael Carmley
Recreation Director

HOW TO STAY YOUNG:

Since ninety percent of my work here as Recreation Director or in Drayton Valley is with youngsters of school age, you may not be surprised if I tell you that I am trying desperately to cling to youth myself despite the fact that I am no longer a teenager. Once in a while you read about the springs of eternal youth in fairy tales, but returning to actual life you find to your dismay that there is no such thing. There is however, a recipe written by an unknown author which will do a great deal toward lightening the year of problems, work, and worry. The secret is to be old in years but young at heart.

Youth is not a time of life, it is a state of mind. We grow old only by deserting our ideals. Years may wrinkle the skin, but to give up enthusiasm wrinkles the soul. Worry, doubt, self-distrust, fear and despair -- these are the long, long years that bow the head and turn the growing spirit back to dust. There is in the hearts of all of us, whether we are seven or seventy, the love of wonder and the love of life. We are as young as our faith and as old as our doubt -- as young as our self-confidence -- and as old as our fear -- as young as our hope and as old as our despair.

If the author practiced what he preached I can picture him as being hale and hearty at eighty five, however, since he is unknown, this is merely guess work. One thing I do know, there is a power of truth in his words. It is not the years that makes a person old, but the attitude of the individual toward those years makes all the difference in the world. It is a drawing how some people carry their years while others are drawn and stooped at a comparatively early age. They say that a team that won't be beat can't be beat, likewise, a person who refuses to grow old, does not grow old. "Take it for what it's worth. I for one certainly want to stay young at heart; my profession demands it, if for no other reason.

BADMINTON: Another hurdle has been apparently cleared in the local recreation field as the sport of badminton seems to be off and running in good style. At this writing, the first badminton meet is set for Nov. 3, in the "Frank Madlock" High School Gymnasium. At present there are some 25 persons interested in the bird crossing game and no doubt as time goes on there will be other individuals looking in this direction.

As in most other activities, I have helped organize since I came to this community. I have been exceptionally fortunate to be able to find a qualified and an enthusiastic leader in Stewart Worthington. For a well-balanced recreation program there must be a key man, at least one joyfully active and the success of failure of any activity depends on how interested and enthused that key man is about his project. Personally, what I would like to see is one key man for each major activity in the community. That particular field would be his part in the community recreation program, and I would not care if that individual never raised a hand to help in any other organization. In my mind he would have done his share. I would certainly be glad to help such a leader at any time, in any season, for any reason, but on the other hand, if he never showed up, I would not be at all disappointed. From now on Mr. Worthington will be in charge of the promotion of badminton in Drayton Valley. He has done a tremendous job recruiting prospective players and it is my guess that before the season is out we will have a very formidable badminton club in our town.

Here in this sport there is no age not weight limit. Everyone is welcome. If you want further information about the Drayton Valley Badminton Club, phone five, Stewart Worthington 619. He will be glad to give you all the details.

HOCKEY ON THE WAT: I have not found my key man for hockey promotion yet, however, as time goes on I hope some enthusiastic soul will turn up from somewhere. I have several application forms in from players at the different "Minor Leagues", and as for player enthusiasm there will be no question. If there is sufficient interest shown, I would like to see "Minor" hockey played at least on three levels, Midget, Bantam and PeeWee. If you are interested in coaching or playing hockey at any level, please give me a call at the Town Office -- Phone 810.

THE SWEETHEARTS OF THE VALLEY: No football team is complete unless they have a squad of cheerleaders working on the sidelines while they are working on the field. It was no longer after football had been set up on an organized scale here in Drayton Valley until someone came up with the bright idea that we should have cheerleaders. It seemed like ideal dreaming at first, but, lo-and-behold when the local teams took out on the road's field for their second game of the season, each team

had a squad of colorful cheerleaders, all dressed up to match their team colors. In the PeeWee, the Bantam girls had their Green and Gold, the Lionettes were all decked out in Orange and Black and the Cowgirls sported the Red and white complete with the Stetsons. The Bantams also had their girls. The 11-year in the Black and Gold and the Bombettes in traditional Blue and Gold. These girls also served as cheerleaders for the two High School games accompanying the boys in Jasper Place and attending the big finale at Wood's Field on Oct. 30.

There is no doubt about it, the cheerleaders, one and all, both PeeWee and Bantam did a very fine job during the past season and they added tremendously to the football program. On behalf of the football coaches and myself, I wish to sincerely thank all the girls who came out to cheer our boys and also the ladies especially, Mrs. Brenda O'Callahan, Mrs. Sheila Townsend and Mrs. Rita Russell who donated their time and talents in order that the fine autumn sport of football might thrive in Drayton Valley. A very well done job girls and once again, ----- Thanks a million -----

CUB & SCOUT MOTHERS TEA

The Cub and Scout Mothers coffee party will be Saturday, morning, November 5th from 10:00 to 12:00 a.m. at the Scout Hall. There will be a skate, gym, uniform and book sale. Anyone wishing to sell skates or uniforms please bring them at that time.

Mothers donating baking please contact Mrs. Bert Galloway at 575 or bring it to the Scout Hall.

KNOW YOUR CANADA

Prepared by the Research Staff of Encyclopedia Canadensis

WHO LAID AMERICA'S FIRST SUCCESSFUL UNDERWATER CABLE?

Friedrich Nibbeling, who in 1858, seven years after coming to Canada from England, linked Prince Edward Island and New Brunswick by telegraph cable. This outstanding engineer and inventor, having conceived the idea of establishing telegraphic communication with Europe by

\$806,650,000. This was the third year in succession that manufacturing gross production value had topped that of basic agriculture, up to 1966 the leader in Alberta's economy.

Proven reserves of natural gas in Alberta at the end of 1958 totalled 23 trillion cubic feet, making this province the largest known storehouse of natural gas in Canada.

RIDE For Your LIFE

SHAPES TELL THE STORY

Public officials constantly are working to bring greater uniformity in traffic signs throughout the nation. Uniform standards provide five basic sign shapes to motorists can read instantly the type of sign by its shape.

This octagon is used only for the stop sign, which means stop and make sure the way is clear before proceeding.

Speed limit, warning, passing, and parking regulations are carried only in this rectangular shape.

This diamond shape always carries a warning of some hazard or condition on the road ahead and calls for a caution and reduced speed.

Only one message is ever carried in this round shape. Caution -- highway-rail intersection ahead.

This crossbuck is devoted solely to marking highway-rail crossings. It means reduced speed, look and listen for trains before crossing the tracks.

THE UNFORGIVABLE SIN

I hesitate to write about this large subject because it should rightly be dealt with in greater detail. However, the following is written in hopes that it will stimulate further thought and concern with regard to this problem of sin. It is something of a paradox that while people in general today are not believing about their sins at all, there are those who are very concerned lest they should have committed the sin which goes by the name of the "Unforgivable sin". And this concern is not limited to those who seem to be acutely sensitive to sin; it is found often enough among those who normally are not sensitive to it, but who suddenly wake up to their sinfulness and are then seized with fear that they have gone beyond redemption.

It is the subject of a single passage in the Gospels recorded in St. Matthew 12:22-29, and also in St. Mark and St. Luke.

Jesus had healed a man, both blind and dumb, who, according to the thought of the time, was possessed with a devil. Whereupon the Pharisees who had to admit the healing, asserted that Jesus was in league with the devil and was casting out devils only as the devil's agent. How absurd this reasoning was Jesus quickly showed; but he didn't stop at that. He realized that something was happening to these men's hearts and consciences. They were becoming so prejudiced against him, so bitter in their opposition to him, that they were losing their moral judgement -- becoming incapable of recognizing good from evil. And the end of that was the denial of the good -- a hardening and blinding to the appeal of the Spirit of God.

This was worse than this antagonism to himself; it was antagonism to God; and forced antagonism to God is a sin for which there is no help -- it is a sin which has eternal consequences. So Jesus gave them this solemn warning: "Attitudes of sin and blasphemy shall be forgiven unto men; but the blasphemy against the Holy Spirit shall not be forgiven unto men -- neither in this world, neither in the world to come."

This, then is Christ's own definition of the Unforgivable Sin: it is blasphemy against the Holy Spirit, which means speaking against and fighting against what perhaps in your deepest self you recognized as true, do or want, want to acknowledge. This is the beginning of it, and hence the word of Jesus is only a warning. The end of it is that by heaping it up you will kill your conscience and so get to the point where you do not recognize your sin and are beyond forgiveness.

This is well illustrated in the words of the King in Hamlet

when he suspects that the end of his wicked career is near. "What repentance can I find what can I do, when one cannot repent?"

This is the unforgivable mark of the Unforgivable Sin -- the inability to repent because of a dead conscience or a completely hardened heart.

Who can be guilty of it, then? We are certainly not guilty of it if we have any spark of a moral sense -- of decency -- left in us; if we know that we have sinned and sincerely desire to be forgiven. But the danger of it is always before us, if we deal lightly with our conscience. If we deal in lies, knowing them to be lies; if we speak evil when we know it is evil. If we do these things we can stiffen our conscience until we kill it -- refuse to obey it until it stops discerning us; and then we have made evil our good, and are at last in open rebellion against the Spirit of God.

God has no meaning for us, neither has sin, and so neither has forgiveness. It is this condition that we are incapable of forgiveness.

ANGLICAN CHURCH

"Will you do your best to be a loyal member, praying, learning, working and giving so that children everywhere may hear the good news about our Lord Jesus Christ"

On Sunday, October 30th, this question was addressed to 17 girls present at the morning service at All Saints Anglican Church to be made full members of the Junior Auxiliary. Having fulfilled the requirements of membership and promising "I will do my best with God's help" each girl was presented with her membership certificate and a badge by the clergyman, the Reverend J.R. Brown. After the girls had made their promises the congregation joined with the girls in praying their membership prayer.

D.V. Highlights

By: Edith Dedy

The Easyford telephone office opened a couple of weeks ago with Mrs. Leslie Oscar as chief operator. The hours are from eight in the morning until eight at night.

Mr. and Mrs. John Danderfer visited Mrs. Danderfer's parents, Mr. and Mrs. Francis Law, last week end. The Danderfers enjoy living in the city and the children are very happy at school.

Mr. Albert Larson is well on the road to recovery. He sustained a painful injury when a pension ladder he was climbing suddenly collapsed.

Miss Carol Piranidou has finished her last year's training and is home.

now for a brief holiday before she begins job hunting.

Mr. and Mrs. Don Robinson left on Wednesday to make their home in Bentley where Don will be employed by the town. Don, especially, expects to miss Drayton Valley and hopes her friends will look her up at the Belmont Trailer Park.

Taken from the Church Bulletin, All Saints Anglican Church.

1. Consider you body as the temple of the Holy Ghost and treat it with reverence and care.
2. Keep your mind active. Stimulate it with thoughts of others which lead to doing something.
3. Take time to be holy with daily Bible reading and prayer.
4. Take God into the details of your life.
5. Have a thankful spirit for the blessings of God, Country, Home, Friends, and, above all, for the Salvation in Christ Jesus our Lord.
6. Work as if everything depended upon work and pray as if everything depended upon prayer.

Plastics and their Properties
Plastics are a common sight in every home, the telephone, the shower curtain, the measuring spoon. I wonder how many people can distinguish between the various plastics.

The housewife whose plastic measuring spoons warped when the measured boiling water were probably is certain that all plastics melt in heat. Heat is the key word in distinguishing plastics. All plastics can be placed in two divisions depending on their reaction to heat. Plastics are either thermoplastic or thermosetting. Knowing which is the key to getting better service from plastic items.

THERMOPLASTIC - These plastics soften when heated and harden when cooled. Since they undergo a physical change during their formation, they can be softened and hardened again and again. Kitchenware items, shower curtains and polyethylene products are of a thermoplastic nature.

THERMOSETTING - These plastics harden into permanent shape when subjected to heat and pressure. They undergo a chemical change and once hardened, can never be softened again. Household items which are made of thermosetting include iron handles and electrical sockets.

It may be difficult to know just which type of plastic is used in a specific item. For the most part, one must rely on common sense for that information. However, don't buy merely on the assurance that "It is plastic" as the same type of question you would ask about fabric, furniture or jewelry apply.

Reputable manufacturers are labeling their products with information about what type of plastic they are made from, and what their limitations are. Look for these tags and get more pleasure out of the plastic items you buy.

MORE ABOUT ALBERTA.

Cypress Hills Provincial Park, 78 square miles of area, is the largest of Alberta's 37 provincial parks. The smallest provincial park is Mameo Beach, four acres. Extension of irrigation projects in southern Alberta during recent years has boosted irrigable acreage to 900,000.

Active 4-H clubs in Alberta during 1979 totalled 457, with a total membership of 6,713 boys and girls.

The Interprovincial Pipeline which carried Alberta Crude oil to Edmonton to the Toronto area is 1,774 miles long, the longest oil pipeline in the world.

Capacity of coal and gas fired electric generating stations in Alberta surpassed total capacity of water powered generating stations for the first time in 1978.

The Alberta Department of Agriculture each spring distributes free of charge about a million and a half local flower trees and shrubs for farm planning in the Province.

TELEPHONE RATES

Montreal, Nov. 1 - Reduction in long-haul telephone rates which will save Canadian telephone users more than \$500,000 annually were announced here today.

The lower rates will become effective November 6, according to M.C. Young, of Montreal, chairman of the Trans-Canada Telephone System, an organization comprised of the country's eight major telephone systems.

The lower rates apply to calls which involve the use of the facilities of three or more of the member system. They represent another step in a long series of such reductions over the past 25 years.

Typical new rates for three-minute daytime station-to-station calls, with present rates in brackets, follow:

Toronto - Regina 2.95 (3.05)
Saskatoon - Vancouver - 2.25 (2.40)
Halifax - Victoria - 3.70 (3.85)
Winnipeg - Edmonton - 2.25 (2.40)
Montreal - Edmonton - 3.20 (3.40)
Moncton - Hamilton - 3.50 (3.75)
Grand Falls, Nfld. - Vancouver 3.70 (3.95)

The Trans-Canada Telephone System has readily reduced long-haul telephone rates over the past 25 years. For example, in 1935, a daytime station-to-station call from Montreal to Vancouver cost \$5.55. In 1951 the same call cost only \$4.50, and the latest reduction brings this down to \$3.50 - less than half the 1935 rate.

Member organizations of the Trans-Canada Telephone System are: Avalon Telephone Co. (Newfoundland), Maritime Telegraph and Telephone Co., New Brunswick Telephone Co., Bell Telephone Co. of Canada, Manitoba Telephone System, Saskatchewan Government Telephones, Alberta Government Telephones and British Columbia Telephone Co.

To conform with the new Trans-Canada rates, new rates for calls between Alberta and its neighboring provinces, Saskatchewan, are being introduced. These new rates will reflect the same general pattern; that is, reduction of long haul station-to-station calls. For example the cost of a daytime three minute station-to-station call from Grande Prairie to Regina will be \$2.15 compared with the present rate of \$2.60 or the same type of call from Calgary to Stettin will be \$2.00 compared with the present rate of \$2.25. However, in the case of some very short haul calls across the border there

will be slight increases in rates for all types of service. For example, the cost of a three-minute station-to-station daytime call from Medicine Hat to Maple Creek will be increased by 16 cents or the cost of the same type of call from Medicine Hat to Swift Current will be increased by 10 cents.

This increase in short haul calls across the border is intended to make this type of call bear a more equitable share of the cost of establishing long distance telephone connections, which are almost the same for short haul calls as for calls over much longer distances. Since the trend today however, is for calls of longer duration in some cases short haul calls of six minutes or more will cost only a few cents less than present.

The general decreases in long distance rates charged by the Trans-Canada Telephone system is due in large measure to the increased facilities provided in recent years by the various member companies of the System.

Film Library

By arrangement with the National Film Board of Canada a supply of 16 mm films along with a projector and screen will be available for the use of churches, clubs and community organizations in Drayton Valley during the winter months. Films have been found to be useful in aid in adding interest to group meetings, focusing atten-

tion on local and national problems and providing information on a multitude of subjects. For this reason film libraries by any name are becoming indispensable parts of the services required by all progressive communities and local organizations are invited to make the fullest use possible of this local community service.

The National Film Board is placing the equipment and films at the community disposal for the next six months so that community groups may sample a cross section of the great variety of films it is possible to obtain. If sufficient interest warrants, the Board will be prepared to assist in organizing a local Film Council to provide a permanent library set-up.

The following films will be in the library during the month of November.

Trans-Canada Summer pr. 70
From Tree to Green pr. 67
He Ate His Age pr. 34
Pilgrimage pr. 38
Golden Age pr. 10
One Day Poison
Jungle and the Plough pr. 15
Arctic Dog Team pr. 1
Money Makers pr. 10
Scrimm and the Mace pr. 67
Storm Clouds over the Colonies pr. 70
Changing Forts pr. 49
May We Live by pr. 7
Legendary Judge pr. 52

Any one interested in using any of these films or obtaining further information concerning this project should get in touch with Mr. Gormley, Recreation Director, at the Town Hall, Phone 810.

Mr. Gormley will be prepared to give instructions in the use of the projector to representatives from local organizations who have had no previous experience.

ALBERTA'S HOMES FOR SENIOR CITIZENS OFFICIAL OPENING

All 21 of the Alberta Homes for the Aged built by the Government of Alberta will open simultaneously throughout the province at 3:00 p.m. Wednesday, November 9th, as the lead in the opening ceremonies is taken by the Honourable E. C. Manning, Premier of Alberta, and the Hon. R.D. Jorgensen, Minister of Public Welfare, via an eight station radio network emanating from the Westlock Pembina Lodge, as the senior citizens from there have been named.

Attending the Westlock event will be Dr. Elmer Roper, mayor of Edmonton; The Very Reverend Gerald Burch; Anglican Bishop; His Excellency J.H. McDonald, Roman Catholic Bishop; Rev. Gerald Huchinson, President of the Alberta United Church, and local officials of the Westlock foundation and municipalities.

The ceremonies from Westlock will start promptly at 3 p.m. and the broadcast will be picked up by each of the other 30 stations. Stations carrying the broadcast will include CIOC, Lethbridge - CFCW Camrose - CHAT Medicine Hat - CKRD Red Deer - CKY Peace River - CFCN Calgary - CFCN Edmonton and CKUA Edmonton.

At the conclusion of the address by the Hon. Mr. Manning, he will call on his representatives at the 21 homes to present an illuminated scroll to the chair man of the foundation administering each home. His representatives will be the Members of the Legislature of the constituencies in which each home is located.

Sept. 1960 -
A.G.T. Telephones - 917
Rural - 60
Total No. of Telephones - 975

In July of 1966 a Channel VHF radio link was established to give telephones service in the district. This system soon became over loaded and in April of 1968 the present Microwave system between Drayton Valley and Edmonton was installed, greatly extending the number of available toll circuits.

PRESENT
The CIO (Community Dial Office) will cost in excess of \$200,000.00 when completed; the cut over date is tentatively set for December 1st of this year.

New Building - \$ 30,000.00
Dial Equipment 115,000.00
Additional outside plant 80,000.00
TOTAL: 225,000.00

FUTURE:
The new office will house 1,000 lines and 1,100 terminals

All toll calls will be handled by the Edmonton offices, no operation will be needed in the Drayton Valley office.

The new numbers in Drayton Valley will be seven digit numbers, the first three numbers being 542.

CALGARY POWER ELECTRICAL FAIR

The Electrical Fair being sponsored by the Drayton Valley Lions Club on Wednesday November 9th, 1960 in the Elementary School Auditorium is designed for the whole family.

In the afternoon, Calgary Power Ltd. Home Economist Mrs. Gwen Miller and Miss Betty Purves, will demonstrate some of the latest labour-saving cooking hints. They will show the ladies and gentlemen how to use all those handy table-top electric appliances and how to clean and care for them. Top element cooking will demonstrate the use of the "Thermal eye" element found on most modern electric stoves. Fashions in food will be of interest to all housewives, and any questions or problems you may have will be answered.

The evening show will undoubtedly be of interest to ALL the family. Make a date to attend the evening of Electrical Entertainment. See some of the amazing uses to which electricity has been put in the scientific field. See how Adequate Wiring can save your home from fire hazards, and learn the danger of overloading your electric circuits. On the lighter side, Raymond Davidson will entertain you with his fine singing of popular songs, and as a finale see the fabulous Microwave Oven in action - so have cooked to perfection on a paper napkin - cool cooking in seconds.

So Come One -- Come All. Come to the Fair and support your Community and have a good time into the bargain.

MRS. J. MILLER HAS EXPERIENCE IN HOME SERVICE

Introducing Mrs. Gwen McLean Miller who has just joined

Calgary Power Ltd., as home Service Director, and comes off as with a wealth of experience in the Home Service field.

A native Calgary having been born and receiving her education in this city, she graduated with B.Sc. in Household Economics from the University of Alberta. She took her Dietetic Internship at the Vancouver General Hospital as coming to work as a Dietitian at the Calgary General Hospital, later she joined the H.A. Bay Company as Commercial District in their Cafeteria. From here she branched into the Home Service field with a distributor in this city. Returning to the District field she was on the staff of the Royal Alexandra Hospital in Edmonton for a number of years. Again she heard the call of Home Service, so joined Canadian Utilities Limited as their Home Service Director.

Mrs. Miller has travelled extensively throughout Northern and Central Alberta presenting Cooking Schools, demonstrations and giving talks. Promtheses trips she has made many friends and has an understanding of the Homeowners problems. She is also widely known from her daily radio talks which were presented on various stations throughout the province on the

Canadian Utilities, Limited programme.

During her career she has attended Home Service conventions and the Live Better Electrically Women's Conferences presented yearly by the Edison Electric Institute in Chicago. From such conventions and conferences she is able to keep abreast of the latest in all aspects of electrical living and trends of the future.

Mrs. Miller has many interests besides Home Service. She enjoys music, sailing, swimming, and riding. In the past she has been active in the Edmonton Home Economics Association and has worked on various committees and acted as Display Chairman for the Alberta Home Economics Association Convention.

"The family had finished dining in the restaurant and the father requested the waiter to put their belongings in a bag to take home to their dog. His small boy shrieked excitedly, 'Oh, Daddy, are we going to get a dog?'"

"How did you make your neighbor keep his beast in his own yard?"

"One night I hid half a dozen eggs under a bush in my garden, and the next day I let him see me gather them."

The quickest way to get a lot of joy and satisfaction is to make a mistake.

ELK'S BARBECUE

Last of the season, the Elk's Barbecue on Saturday, October 22nd was a well attended affair, with all those who were present reported enjoying themselves immensely.

Head Elk Chief Bob Simons had a willing crew of helpers among other members of the Lodge and the sizzling, hot juicy steaks were done to a turn on the outside barbecue.

Arms from the famous cooking steaks was waited all over that section of the town, and no doubt attracted many of those who were present to come in and try one of the tasty barbecued steaks.

Elk members say, "Watch for the

best barbecue in town
he will not disappoint.

STREET PAVING IS COMPLETED

Haden Paving Company have completed their paving project in the Town of Drayton Valley, at least for this season. In addition to the downtown "T" two blocks of 56th Street were paved from the corner of 56th Avenue to 56th Street.

Unusually ideal weather conditions proved a boon to the downtown merchants in the completion of the paving program. At the last phase, while the street in front of the Hotel was torn up a snowstorm or heavy rain would have left the street in a terrible mess, had we had an early winter. As it was the weatherman was in an indulgent mood and the job was finished as per plan, even if not quite as scheduled. The water tower is progressing very well and is right up to completion schedule. It will soon be completed and then will come the job of painting.

TO KEEP STRAIN IRONS CLEAN

Your iron will last longer and give better service if you use distilled water which may be purchased at drug stores. This saves you the trouble of cleaning valves and vents which become clogged when you use tap water.

SWALLOW'S EIGHT NAILS
SWANSEA, Wales (Reuters)—A 13-year-old boy who proved he was not a "chickadee" was taken to hospital after gulping down eight two-inch nails on a dare. John Woodard swallowed the nails when a boy in his junior high school woodworking class challenged him.

OFFICIAL OPENING OF TOWN HALL

Drayton Valley's Town Hall was opened with appropriate official ceremonies Tuesday afternoon, November 8th.

The short ceremony started promptly at 4:30 in the afternoon. Mr. Cumlin representing the Drayton Valley Chamber of Commerce as president, was master of ceremonies for the inauguration program. His worship, Adrian Meier, Mayor of Drayton Valley gave the address of welcome to the assembled group, and, on behalf of H.D.C. Construction Company, contractors who built the town hall, turned the keys over to Town Secretary-Treasurer, Mr. Johansson, who thereupon opened the door of the front entrance.

The Reverend Russell Brown prayed the dedicatory prayer over the building. His Honor J. Percy Page, Lieutenant Governor of Alberta, performed the official ceremony of cutting the ribbon and the building was declared officially open.

Vision and guests then went into the town hall on a tour of inspection.

On hand for official ceremony was Mr. Jack Deakin, of the Edmonton Journal, Mr. Bill Hoggis, News editor for CFRN-TV and Mr. Vic Wisniewski, cameraman for CFRN-TV. Under the direction of Mrs. Kathy Bright a group of Brownies toured the building. Cameraman Wisniewski recorded the Brownies on TV film, which along with other shots taken at the time will be shown at 1:00 p.m. this coming Sunday. Included in the show will be Brownies Alison Waugh and Karman Vig, talking with His Honor the Lieutenant-Governor.

The banquet which began at 7:30 in the evening, in the Cardium Room was well attended by local persons and visitors. After the singing of O'Canada, Chairman Cumlin introduced the dignitaries at the head

table. Included among those seated at the head table were Mrs. Wood MLA; Mr. Ishister, former Town Administrator; Mrs. Margo Meier, His Honor, J. Percy Page, Mr. Cumlin, H. Hugh Horner, M.D., M.P.; Mrs. Cumlin, His Worship the Mayor, A. Meier, Mrs. Ishister and Rev. Fr. Scriven. On the opposite side were seated Mrs. Ewanlo, the Reverend Brown, Mr. W.R. "Bud" Brunelle, Mayor of Edson, Mrs. Lefstus, Mr. D. McKenzie, Mrs. Brunelle, Mr. Tony Lefstus, Mayor of Thorsby, Mrs. McKenzie, Mrs. Brown and Mr. J. Ewanlo.

Grace was said by the Rev. Fr. Scriven. Toast to the Queen was proposed by Mr. Don McKenzie. Following the opening remarks by the Chairman Cumlin, an Address of Welcome was made by His Worship the Mayor, with the reply to the Welcome being made by Dr. Horner M.P. Two presentations were made during the course of the evening. First presented was an honourarium

District Personalities

MR. ERIC EDHOLM — Photo by Curt's Studio

Eric Edholm was born in Edsle Sweden in 1894. He came to the United States in 1910, and worked for a year in Wyoming. Then he decided to come further north, and landed in Edmonton Christmas Eve, 1911.

For the next few years he worked in the camps and then in 1914 hearing of the proposed dam on the Saskatchewan River near what is now Drayton Valley, but which was then known as Poweshog, he came in to get a job. But the World War I came on at that time, and the power project was abandoned so Mr. Edholm took up a homestead the following spring. He tried to enlist in the army but was turned down for medical reasons. For the next few years he worked in lumber and the camps in the winter

and cleared his homestead land in the summer.

In 1947 he sold his farm to Mr. Lewis Williams, and the following spring he bought the Red and White Stone, where there is a supermarket in now located. He ran the store for the next five years, selling it to Mr. Getzinger at the end of that time.

In this picture, Mr. Edholm is seen in the regalia of the Elk Lodge. He joined the Lodge in Ennisville in 1933 and when the Lodge was formed in Drayton Valley in 1937 he transferred to the local lodge. In point of years he is the oldest member of the Drayton Valley Lodge and was recently granted the first life membership to be given by the local lodge. The life membership was given to Mr. Edholm in recognition of faithful service

Local Crops Set Record

As a result of the very excellent summer and fall we have enjoyed this year reports from farmers of the district indicate that record and near-record crops and gardens have been raised.

Carl Anderson had some Vantage barley which yielded eighty bushels to the acre. He harvested over a thousand bushels off fourteen acres. Oscar Johnson, just across the road from the Anderson farm had a field of oats which yielded eighty bushels to the acre. Cabbage of nearly twenty pounds in weight have been reported, along with some whopping carrot potatoes and other vegetables.

It is a fact that this particular section has been very fortunate so far as rain was concerned this fall. Just across the river from Drayton Valley and north of here, at Birdville they had some quite heavy rains which we never received. As well the farmers the merchants of Drayton Valley have managed to feel very thankful for the dry, late fall, as it enabled the paving company to finish the paving project.

HIS HONOR, LIEUTENANT GOVERNOR J. PERCY PAGE CUTTING THE RIBBON TO OFFICIALLY OPEN THE DRAYTON VALLEY TOWN HALL. LEFT IN THE PICTURE TO THE LEFT IS MR. W.D. JOHANNESEN, SECRETARY-TREASURER OF THE TOWN OF DRAYTON VALLEY AND SECRETARY-TREASURER OF THE CHAMBER OF COMMERCE, AND BACKGROUND IS MR. ADRIAN MEIER, MAYOR OF DRAYTON VALLEY.
